MEDI CAPTURE

# Medical Imaging Made Easy™

## MediCap® USB300

The MediCap USB300 is the medical industry's easiest, most affordable high-definition recorder. Record up to two weeks of HD video on the internal hard drive or record directly to a convenient USB flash drive. Now you can experience easy, affordable HD video — without all the hassles of DVD disks.

### HD Medical Video Recorder

Records high-definition video from your endoscope, arthroscope, surgical camera, ultrasound, etc. Saves to an internal hard drive, external USB drive, or network drive.

### Intuitive Use

It's so easy, no training is needed. Just plug it in and go. You'll be recording videos within minutes of opening the box.

### Medical Grade

With its steel case and fluid resistant front panel, the USB300 is built to withstand the rigors of the OR, and it's so compact it will fit on any cart.

# Powerful Features

compatible – versatile – affordable

## Internal Hard Drive

Stores over a week of HD video – or use a handy external USB flash drive

## Keyboard

Input patient data to organize your photos and videos (optional)

## Net Connection

Turn your USB300 into a mapped drive on your network

## Foot Pedal

Connect to your scope's trigger or to a foot pedal (optional)

Back Panel Connectors

## Also Available...

## MediCap® USB200 & USB300

Need more than still image recording? Add video recording with the USB200 (standard definition) and the USB300 (high definition).
